

Tartu, 11<sup>th</sup> October 2011

To whom it may concern

It gives me great pleasure to write you the character letter of recommendation for my student Mihaela Corina Moagher. I know Mihaela since august 2010 when she first came to study Estonian language as an Erasmus student at University of Tartu and luckily we continue our collaboration during this academic year as she was accepted at Tartu University for a master programme concerning Estonian language.

Due to the fact that I have had the pleasure of interacting with her on infinite number of occasions, I can confirm that she is an ambitious and hard working person who likes challenges. During my classes she is proven to be eager to learn Estonian language by being a tenacious and very active student, with a great capacity of working.

This is why without no doubt Mihaela Corina Moagher is the perfect candidate for the scholarship that you are offering.

Sincerely,

Heli Noor

Teacher at University of Tartu, Estonian Language Department
